SICKLE CELL South London Link

CHILDREN / TEENAGERS / ADULTS
A community service for Individuals with SCD
in Lambeth, Lewisham & Southwark

Introducing our services

Sickle Cell South London Link is funded by the Big Lottery Fund and delivered by the Sickle Cell Society.

- Support & self-advocacy skills to improve access to services such as Health, Education and Employment.
- Offers topical information & advice workshops held throughout the year.
- Volunteering opportunities to individuals living with SCD to assist with project activities & peer support groups.

The Service offers:

- A range of resources to enable individuals to manage their condition confidently & effectively enabling individuals to maintain a healthy & active lifestyle.
- Various activities & family days out for children, teenagers & adults living with SCD & their families.
- Assistance to existing support groups as well as establishing new peer support groups across Lambeth, Lewisham & Southwark.

The service is available to anyone living in Lambeth, Lewisham or Southwark, or attending a Specialist Sickle Cell Service in any of these 3 boroughs, or a hospital that is part of the South Thames Sickle Cell & Thalassaemia Network.
